College Calendar

1933-1934

1933

- September 5-6—Registration of all Students.
September 7—Class Work begins.
September 9—Reception for New Students.
September 22-23—Reception of New Students into Literary Societies.
November 29—December 4—Thanksgiving Holidays.
December 21 at noon—Christmas Holidays begin.

1934

- January 2—Class Work resumed.
January 9—Fall Semester Examinations begin.
January 16—Registration for Spring Semester.
January 17—Class Work begins.
Easter Monday—Holiday.
May 14-18—Spring Semester Examinations.
May 18-21—Commencement Exercises.

SUMMER SESSION, 1933

- First Term begins May 29.
Second Term begins July 3.

Commencement Program

1934

- May 17—Thursday evening, 8:00 o'clock: Annual Music Recital.
- May 18—Friday evening, 8:00 o'clock: Senior Pageant.
- May 19—Saturday morning, 10:30 o'clock: Declaimers' and Orators' Contest.
- May 19—Saturday afternoon, 2:30 o'clock: Girls' Debating Contest.
- May 19—Saturday evening, 8:00 o'clock: Debaters' and Readers' Contest.
- May 20—Sunday morning, 11:00 o'clock: Commencement Sermon.
- May 20—Sunday evening, 8:00 o'clock: Missionary Sermon.
- May 21—Monday morning, 10:00 o'clock: Graduation Exercises and Literary Address.
- May 21—Monday afternoon, 2:00 o'clock: Alumni Address.
- May 21—Monday evening, 8:00 o'clock: Annual Play.

Superior First Rank Normal Diploma and B.A., Acadia University, Wolfville, N. S., 1929; M.A., Acadia University, Wolfville, N. S., 1930; Diploma in Physical Training and Superior Class "A" License for the Province of Nova Scotia, 1930; Graduate Student, University of North Carolina Summer School, 1932; Professor of Modern Languages, Wingate Junior College, 1930.

LOUISE C. JENNINGS, B.A., M.A.
Psychology and Education

B.A., Queens College, 1923; M.A., Columbia University, 1926; Graduate Work, University of Virginia, 1925; two Summer Terms, University of Virginia, 1930; Hostess, Institute of Public Affairs, University of Virginia, 1928-1929; Instructor, Anderson College, 1923-1925; Belham College, 1926-1928; Virginia Intermont College, 1928-1931; Mississippi State Teachers College, 1931-1932; Member of Southern Society for Philosophy and Psychology, Virginia Academy of Science, American Home Economics Association; Instructor, Psychology and Education, Wingate College, 1932-1933.

CAROLYN CALDWELL, M.A.
History

B.A., Winthrop, 1931; M.A., Winthrop, 1932; Professor of History, Wingate Junior College, 1932-1933.

WINGATE JUNIOR COLLEGE

NELLE HAGAMAN, A.M.

English and German

Lenoir Rhyne College, A.B., 1931; Columbia University, A.M., 1932.

KATHLEEN HELMS, A.B.

Physical Education

A.B., Meredith College, 1931; Wingate Junior College, 1932.

ROSE FREEDBERG, B.A.

Assistant in Education Department

Graduate, Academic Department, Virginia Inter mont College, Bristol, Va., 1929; Advanced Courses in Latin and Greek, Summer School, Hunter College, New York City, 1930; B.A. Degree, Classics, Hunter College, New York City, 1931.

MRS. C. M. PRESLAR, B.S.M.

Piano

B.S.M., North Carolina College for Women, 1928; Private Class, Marshville and Wingate, 1928-1929; Wingate Junior College, 1930; Pupil of Edwin Hughes, New York, 1931; Wingate Junior College.

C. M. PRESLAR, A.B.

Chemistry and Athletic Director

A.B., Wake Forest, 1925; Special Work, Summer School, Wake Forest, 1925; Teacher of Science, Weeksville High School, 1925-1926; Summer School, State College, 1926; Wingate Junior College, 1926.

BLANCHE BOYTER, B.MUS.

Voice Department

B.M., Converse College, with Diploma in Voice and Certificate in Public School Music; Pupil of Frederick W. Wodell, Voice; William C. Mayfaith, Piano; N. I. Hyatt, Composition and Harmony; Teacher of Voice at Boiling Springs Junior College, 1930-1931; Teacher of Voice at Wingate Junior College, 1931-1933.

MRS. JACK HORTON, B.S.

Commercial Science

B.S., Winthrop College, 1929; Teacher of Commerce, Ruby High School, Ruby, S. C., 1929-1930; Summer School, Winthrop College, 1931; Teacher of Commerce, Wingate Junior College, 1931.

ANNIE HUDSON

Graduate in Art, Queens College; Summer School, 1922, Appalachian Training School, Boone, N. C.; Teacher of English one year, Weddington Industrial Institute; Teacher of Art two years, Weddington Industrial Institute; Teacher of Art, four years, Waxhaw High School; Wingate Junior College, 1932.

MINNIE YOUNG WARRINGTON

Dramatics and Expression

A.B., Belhaven College; University of Georgia; University of North Carolina; Private Pupil of J. Colton Lymes, Paris, France; Graduate of the New York School of Expression, New York City; taught Expression and French in Orangeburg College, Louisburg College, Synodical College of Alabama, Centenary College, University of Chattanooga, Athens, Tenn.

NEW ADMINISTRATION BUILDING

Wingate Junior College

HISTORY

The Wingate School was established in accordance with a resolution passed by the Union Baptist Association at its annual session in October, 1895, for the higher intellectual, moral, and religious training of the boys and girls of the Association and surrounding country. A Board of Trustees, consisting of J. W. Bivens, Rev. Hight C. Moore, O. M. Sanders, M. W. Griffin, J. C. Sikes, B. F. Parker, and R. F. Beasley were appointed to secure a suitable location within the bounds of the Association, and to establish there a school of high grade, which should be owned by the Association and conducted under Christian influences.

The Association, at its annual session in 1896, established a Board of Trustees, consisting of fifteen members, to be selected from the various churches of the Association, each to serve a term of six years, and five to be elected by the Association every two years. The Legislature of North Carolina, in 1897, granted to the school a charter which secures to it all the protection and privileges that are usually granted to a college.

At first a three-room building housed the school, and in this Professor M. B. Dry laid the foundation for an institution that compares favorably with the best. In a few years the growth of the school demanded more room, and five rooms, including two society halls, were added. After some years of progress Professor B. Y. Tyner became principal, and, with the trustees, planned the present commodious brick building. Each time the growth of the school called for any change in the building the local community came loyally and liberally to the support of the school. Many loyal friends at a distance have stood by the institution.

In the year 1912 the Mecklenburg and Cabarrus, the Pee Dee, and the Anson joined the Union Association in

the ownership of this splendid institution. This was a needed growth in territory, all of which should be reached and influenced by the Wingate School.

PRESIDENTS

The school has been exceedingly fortunate in the class of men and women who have done the work. M. B. Dry, now principal of a leading Farm-life School in the State, Cary, N. C., served as principal for twelve years. B. Y. Tyner, now occupying head of the Educational Department of the State Normal, Fredericksburg, Va., served three years as principal, with J. G. Carroll associate. Mr. Carroll, now filling the chair of Mathematics, Wake Forest College, N. C., then served seven years individually.

These are all men of the highest type of Christian manhood. Scholarly, capable, efficient, thoroughly in love with their work, they have attained a high degree of success in their profession.

Miss Patty Marks, of Albemarle, N. C., graduate of Meredith College and a lady of fine Christian character, took charge of the work in the fall of 1918.

In the fall of 1919 C. M. Beach became principal of the school, and under his direction the school made splendid progress.

In April, 1924, J. B. Huff, of Mars Hill, was elected president and served for six years. During his administration the school was placed on the accredited list of junior colleges by the State Department of Education.

In June, 1930, Coy Muckle, who was at that time pastor of the Wingate Baptist Church, was elected President, and has served since that time.

During his administration the school has enjoyed its greatest period of growth. The student body has increased from 190 to more than 300, while the indebtedness has been reduced approximately twenty-five thousand dollars.

In April, 1932, the administration building was burned, and it was under the leadership of President Muckle and

the Executive Committee that the present new, commodious building has been erected.

More than three thousand students have graduated from the school in its college and high school departments. The school this year has the largest enrollment in its history, and its future was never brighter.

ADMISSION AND SCHOOL TERMS

The school session proper is divided into two semesters of approximately equal length. Students with proper credit may enter at the beginning of either semester, but are urged to matriculate at the opening of the semester, as absences will be counted from the first regular recitation. The annual summer school is divided into two terms of six weeks each.

APPLICATION FOR ADMISSION

Applicants for admission to the College should write for an application blank, have it filled in by the proper authority, and returned as early as convenient. Those who plan to live in a dormitory should send in a room reservation fee of \$3.00 to insure a desirable room. This will be credited to the applicant's account, but held as a breakage fee until the end of the year, when it, or any remaining part of it, will be returned.

MATRICULATION

Every student in either the High School or College Department is required to fill out a matriculation card, giving necessary information about himself needed for permanent records, and pledging himself to cheerful obedience of the regulations of the College. After filling out the matriculation card, the student will present it, together with the matriculation fee, to the Bursar in exchange for his official receipt. The student will then present this receipt to the classification committee, who in return will give endorsed class cards for each subject

to be pursued. No student is allowed to attend any class without first presenting this card to the instructor in charge, unless satisfactory arrangements have been made with the Bursar.

ENTRANCE REQUIREMENTS

HIGH SCHOOL

Students coming to us with approved credits from other accredited high schools will be given full credit for the work covered. A transcript of such work must precede or accompany the student here.

COLLEGE

Applicants should be fifteen years old, in good health, and of good moral character.

Applicants are admitted by either of the following methods:

1. *By certificate from an accredited school.* Such certificates must be made out on prescribed forms obtainable from the College, and should by all means be sent in by the opening of school. The applicant must be a graduate of a standard high school.

2. *By examination.* The applicant must have completed the equivalent of a four-year high school course, and must pass the Uniform College Entrance Examination arranged by the North Carolina College Conference. This examination may be taken just after the opening of school. All applicants from non-accredited schools must pass this examination before entering as a regular college student.

PRESCRIBED UNITS

	Units
English	4
Algebra	1½ or 2
Geometry	1
Foreign Language (in same language).....	2
History (including American).....	2
Science	1
Electives: not less than.....	3

The electives must be from courses counted for graduation by an accredited high school. In case a graduate of a standard school offers only one unit of history, he must elect one extra college course in history for graduation. Any other such deficiency must be made up without credit before the sophomore year.

High school students who plan to work towards a B.A. degree should take four units in foreign languages. Otherwise they may find themselves embarrassed later because of insufficient foundation.

HIGH SCHOOL DEPARTMENT

	Units
English	4
Algebra	2
Plane Geometry	1
Foreign Language	2
American History and one other.....	2
Science	1
Electives	4
	—
Total.....	16

It is recommended that students who plan to work towards an A.B. degree elect two other units of foreign language. The two units prescribed must be in one language. No credit will be given for one unit in a language.

SUGGESTED WORK BY YEARS

JUNIOR	SENIORS
English III	English IV
French I	French II
Algebra II	Geometry
Latin I or II	Latin II or III
Bible	Am. History
Biology	Physics
History III	

Not more than five units will be allowed in any one school year.

COLLEGE DEPARTMENT

Beginning in 1932, the College offers five distinct groups of study designed to meet the needs and interests

of our students more adequately than heretofore. Appropriate diplomas will be awarded upon the completion of either of these courses.

GROUP I

Leading towards B.A. General.	
	Semester Hours
English	12
Mathematics	6
Foreign Language.....	12
European History	6
Science	8
Bible	6
Electives	14
—	
Total.....	64

GROUP II

Leading towards B.A. Special, or a B.S.	
	Semester Hours
English	12
Mathematics	6
Foreign Language.....	6
European History.....	6
Science	8
Bible CI	6
Economics	3
Government	3
Electives	11
Sociology	3
—	
Total.....	64

Electives in Group II should be limited to Mathematics, Science, and Social Science largely. Your electives should be selected to prepare you to enter the higher institution of your choice.

GROUP III

Leading towards B.S. Education and "C" Teaching Certificate	
	Semester Hours
English	12
Biology	8
American History and Civics.....	6
Education	9
Child Literature	2
Geography	2
Health	2
Plays and Games	2
P. S. Music.....	4
Foreign Language	6
Electives	11
—	
Total.....	64

GROUP IV

Leading to Diploma in Music	
	Semester Hours
English	12
French or German.....	12
Bible	6
Electives in Literary Department.....	12
—	
Total.....	42
Plus the music requirement out- lined under Department of Music.	

GROUP V

Leading towards B.S. Education and "B" Teaching Certificate	
--	--

Only those students who definitely plan to teach in the elementary school or who plan to teach some before continuing their work in a senior college should elect Group III. All the work will give credit towards a degree in either primary or grammar grade education, but some of it will not give credit towards a B.A. It is recommended that students who elect this group take two years of Foreign Language and more Social Science than is prescribed.

AMOUNT OF WORK

Fifteen or sixteen hours of college work per week is considered a normal amount for the average student. Freshmen will not be allowed in any case to register for more than eighteen hours without special permission. Sophomores will not be allowed to register for more than nineteen hours without special permission. Requests for any extra work should be made in writing to the classification committee. Anyone carrying extra hours must make C (or 80%) or above on every subject carried; otherwise he will be required to drop all extra work. These grades will be checked at the end of each quarter. Unless you are a superior student, please do not make request for any extra hours.

REGISTRATION AND CLASSIFICATION

All students are expected to register on the day scheduled in the College calendar for such registration. The order of registration is as follows:

1. Student fills out fully, in ink, a registration card.
2. Conference with the classification committee to arrange course and schedule. The student will be given here a copy of his subjects to be taken to the Bursar.
3. Student must take the registration slip to the Bursar and arrange there for the payment of all accounts.
4. After the student has settled his account with the Bursar, the student will then be issued a class card for each subject which he is to take.

5. The student must then take his class card to each instructor at the first class meeting after registration. The instructor will use the cards as a temporary roll of classes.

Students may not drop courses, change courses in any way, nor take up new courses without a written permission from the chairman of the classification committee. All changes in courses must be made within ten days after registration. Students who drop courses without such permission will be counted absent, and the regular penalties for absences will apply. A grade of F on such a course will be counted in full.

HIGH SCHOOL

Juniors.—A student must have completed seven units of work in an accredited school to be classed as a Junior.

Seniors.—To be a member of the Senior class the student must have completed a minimum of eleven units in an accredited school.

COLLEGE

Freshmen.—Graduates with fifteen units from an accredited high school are admitted to the Freshman class without an examination. All others are required to stand an entrance examination prepared by the North Carolina College Conference.

Sophomores.—To be rated as a College Sophomore, a student must have completed a minimum of twelve hours of standard college work.

ADVANCED STANDING

Full credit will be given to students for work done in other standard institutions, provided the application for same is accompanied by a proper transcript of credit in detailed form, and by a certificate of honorable dismissal from the other institution. But one year in residence will be required before a student will be awarded either a high school or college diploma.

WITHDRAWAL FROM COLLEGE

Students who find it necessary to leave school during the year should get approval from the President. Those having settled all bills with the College and obtained the approval of the President will be given a certificate of honorable dismissal signed by the President and Bursar.

ABSENCES AND TARDIES

The daily recitations are an important part of the student's work, and as such are duly emphasized by the College. Daily preparation is insisted upon, and grades on daily recitations are recorded by the instructors. These grades are averaged with grades on written quizzes, which together count about two-thirds towards the final grade.

The following regulations are to be observed strictly by all instructors:

1. Absences from daily recitations are counted from the organization of classes.

2. Excuses for class absences will be recognized only in necessary cases, and then only when given by the Dean in advance, or, in case of sickness, by the faculty member in charge of the respective dormitories. Students living outside the dormitories must bring a written excuse from the home in which they stay. All excuses must be signed by the Dean, and all must be dated.

3. Absences immediately before and after holidays or important athletic contests away from Wingate will count as double absences.

4. Class work missed because of an absence, excused or unexcused, must be made up to the satisfaction of the teacher. This applies to absences from any cause—sickness, representing the College, etc.

5. All excuses must be presented to the instructor within one week after the student returns to school. Otherwise they are not to be accepted by any teacher.

6. The third unexcused absence of any student should be reported at once to the Dean or President. A fifth

unexcused absence in any semester will automatically debar the student from the course unless the matter is reconsidered by the faculty.

7. For each unexcused absence in each course two points will be deducted from the final grade.

8. Three tardies will count as one absence. A student is tardy unless he is in the classroom when the four-minute gong has ceased ringing. Excuses for tardies will be given only in rare cases.

Chapel Absences.—All students are assigned regular chapel seats for the morning worship, and are required to attend every service. Students will be graded on their chapel attendance, which grades will be averaged in with the other grades to determine scholarship honors at commencement.

WRITTEN TESTS OR QUIZZES

Written quizzes may be given at the discretion of the instructors, but at least once each month a written test of all work covered since the last such test should be given. Grades on such quizzes will be averaged in with the daily grades and the examination grades to form the semester average.

EXAMINATIONS

At the end of each semester final examinations are given on the work covered during the entire semester. The minimum length of these examinations is one and one-half hours; the maximum length is three hours. The examination grades count about one-third, the daily grades about one-third, and the monthly quizzes about one-third in making up the final grades.

Special Examinations.—If for any reason, except illness, a student is necessarily absent from any regular semester examination, he may take the examination at a later date by paying a fee of \$1.00 to the Bursar in exchange for his receipt, which must be presented to the instructor in charge before he shall give a special examination.

Take-over Examinations.—If a student in the High School Department fails to make a passing grade on a subject, he may take a second examination on the subject on the following conditions:

1. If the daily grades were not sufficiently low to necessitate a repetition of the course.

2. If the student gets permission from the instructor in charge to take a second examination, after presenting evidence that a thorough review of the subject has been made.

3. A second examination may be taken only after paying a fee of \$1.00 to the Bursar, and presenting receipt for the same to the instructor in charge.

Take-over Examinations (College Department).—If a student in the College Department fails to make a passing grade on any subject, he may take a second examination by complying with regulation No. 3 above, provided that his original grade was not below 60 per cent, and provided further, that he present evidence of having reviewed the subject thoroughly. Dates for these examinations will be fixed by the committee. Sophomores may take their examination, however, at a time set by the respective instructors. Students with such conditional failures should consult the instructor under whom the work was taken as to the advisability of taking a second examination. Failure on such examination means that the course must be taken again in class in order to get credit for it.

GRADES AND REPORTS

Excellent	95+
Good	90-95
Fair	80-90
Passing	70-80
Conditioned	60-70
Failed	(below 60)
I	Incomplete

A student must attain a grade of 70 to pass a subject. A grade of 60 entitles him to a special examination as

outlined in another section. A grade of I means that the student has not completed all the requirements of the course. If these are not completed within one year, the I will be marked F.

Honors will be based upon "honor points." These points shall be determined by the following scheme or method:

95—3	honor points
87—94—2	honor points
80—86—1	honor point
60 to 70—	subtract 1 honor point
Below 60—	subtract 2 honor points

Reports of the student's work and progress, showing work taken and grade made on each subject, are sent to the parents or guardian at the end of each semester. The coöperation of all parents and guardians is desired in the common effort to lead the student into a fuller and more useful life.

RETURN PRIVILEGES

High School students who fail to pass on at least two subjects and College students who fail to make a passing grade on at least twelve semester hours of work will be debarred from registering for the work the next semester, unless by special action of the faculty. Others may return for regular work, fitting into the classification as previously outlined.

Physical Equipment

Campus.—The College has about thirty-three acres of gently rolling ground. When present plans are brought to completion, this will make an unusually beautiful campus, as much of the land is wooded with oak and pine trees. The present campus has been much improved during the past session by the construction of walks, driveways, by sowing grass and making lawns, by planting flowers and shrubbery and by setting out trees. A beautiful arch spans the front entrance to the campus, a gift of the High School class of 1924.

Administration Building.—A new modern and commodious Administration Building is just being completed. There will be sufficient room for the proper teaching of at least 400 students. The building will contain the President's, Dean's, and Bursar's offices, library, fourteen splendid classrooms, science laboratories, society halls, and a good auditorium. The classrooms are equipped with individual chairs, and the rooms are large and well lighted.

New Dormitory.—This new home for girls was erected in the Summer of 1922. It is a three-story building, containing the central dining hall on the first floor, in addition to a reception room, Dean's office, etc. The rooms are well equipped with dressers, tables, double beds, etc., and have a total capacity of about fifty-five young ladies. There is running water on each floor of the building.

Stewart Home.—This, the oldest of the dormitories, was constructed through the liberality of "Uncle" Marsh Stewart, in whose honor it is named. It is a brick structure, containing two stories and a basement, and has a capacity for about fifty young ladies. The basement is used by the Home Economics Department, and is one of the best equipped and most attractive places on the campus.

Boys' Dormitory.—This three-story brick dormitory was erected in the Summer of 1919 to meet a very pressing need. It is an attractive home for boys, containing baths, lavatories, etc. The rooms are equipped with chairs, dressers, tables, double beds, etc., and have a total capacity for some seventy-five boys.

Church Building.—Wingate students are especially fortunate in having one of the best equipped church and Sunday school buildings in this section of the State, on a lot adjoining the campus. It is new and of modern construction throughout. The church is not school property, but it was built for the benefit of the town and students alike, and the students and teachers take a leading part in the church and Sunday school work.

Dining Hall.—The central dining hall is on the first floor of the new dormitory. It is well equipped with tables, dining chairs, dishes, etc., adequate for all the boarding students. The boys and girls eat at the same tables, together with members of the faculty, who serve as hosts and hostesses. The kitchen and grocery room in the annex is sanitary and modern. An electric dishwasher is the latest addition to the kitchen equipment.

Laboratories.—The science laboratories in the main building are equipped with individual desks, lockers, apparatus, gas jets, water faucets, etc. The department has an adequate supply of apparatus and chemicals for physics, chemistry, botany, and biology.

Society Halls.—The four active literary societies have two attractive society halls in the Administration building, each equipped with pianos, banners, opera chairs, president's stand, etc.

Fire-escapes.—Steel fire-escapes have been placed on the three dormitories and the Administration building, affording adequate protection in case of fire.

The Library.—The College has one of the best libraries of any Junior College in the State. While comparatively small, it is well adapted to the needs of the students. The

Library, which is located on the second floor of the Administration building, consists of two rooms, a reading-room and a stack-room.

The collection includes well-selected books, embracing works of literature, history, science, sociology, religion, philosophy, language, fiction, and thirteen sets of standard encyclopedias and dictionaries. The collection also contains special reference books for each department of instruction in the College.

During the year 1931-32 several hundred volumes were added through the generosity of friends and students of the institution. In the fire which destroyed the Administration building last April, the Library suffered heavily; however, the most valuable books were saved.

The Reading-Room.—The reading-room is well lighted and equipped, and comfortably seats sixty-five persons. It is supplied with the best current literature, State and national daily papers, leading magazines, educational journals, religious papers, and College publications. The students are taught to use the Reader's Guide to Periodical Literature and the Dewey Decimal System of Classification.

A trained librarian with student assistants is in charge, and the Library is open sixty hours per week.

Efforts are made to make the library a vital force in the life of the students by training their taste and cultivating their desire for the best literature and encouraging reading that will result in culture.

Water System.—The College owns its own water system, which is adequate for all needs of the school except in unusually dry times. Water is furnished to the buildings from three deep bored wells on the campus. All the buildings have running water, bath, lavatories, etc.

Athletic Field.—The College has had a fair athletic field for the past years, but with the increasing interest in athletics there was need for a new field which would accommodate all branches of outdoor athletics. The

Trustees met this need adequately in 1924, when they authorized a new athletic field on the newly acquired land to the east of the school, where there is a natural bowl for athletic grounds second to none. The necessary grading on the new field was completed in the early Spring of 1925 before the baseball season opened. Accordingly, Wingate now has an excellent field for all forms of collegiate athletics.

Gymnasium.—For a number of years a gymnasium has been very inadequately improvised from an old church building near the campus. Necessarily athletic activities have been somewhat retarded.

In the Summer of 1927 a beautiful lot was purchased from Mr. J. C. McIntyre, and Wingate now has a splendid modern gymnasium. The building is of brick and is sixty feet wide and one hundred and six feet long. It contains an enormous auditorium adequately equipped for athletic activities and has two large balconies. A basement has been provided with showers, and the other conveniences of a modern gymnasium. The auditorium is used for public entertainments on important occasions and during the commencement season. Also it contains one of the finest indoor basketball courts to be found anywhere.

Expenses for Term (Nine Months)

HIGH SCHOOL DEPARTMENT

Tuition	\$ 48.00
All fees	31.00
Room, heat, lights, etc.....	40.00
Table board	144.00

Total expenses for year in High School Department, not including books and laundry...\$263.00

COLLEGE DEPARTMENT

Tuition	\$ 60.00
Fees	38.50
Room, heat, light, etc.....	40.00
Table board	144.00

Total expenses for year in College Department, not including books and laundry...\$282.50

MUSIC DEPARTMENT

PREPARATORY DEPARTMENT

Tuition: Piano	\$10.00 per quarter
Voice	10.00 per quarter

COLLEGE DEPARTMENT

Tuition: Piano	\$15.00 per quarter
Voice	15.00 per quarter

SPECIALS

Harmony, tuition	\$ 5.00 per quarter
Music History	5.00 per quarter
Theory and Appreciation.....	2.50 per quarter
Public School Music, tuition for year..	10.00

A fee of \$1.50 per quarter will be charged for students using College pianos for practice.

Where students are working towards a music diploma they will be charged tuition for Piano, Harmony, Music

History, Theory and Appreciation, and Public School Music, but will not be charged for the two or three extra literary subjects which are required for a music diploma. In Voice the same charges are made.

The fees which are charged to all College students are: matriculation fee, medical fee, publicity fee, which includes the semimonthly College paper, and the athletic fee, which admits all students to all intercollegiate contests played on our campus.

BOOKS

Books are purchased from the College Bookroom, which is run as a separate item and is not included in the items of expenditure listed above. Books are sold for cash, unless parents instruct the manager of the bookroom to send them a bill immediately upon buying the books.

Music students are asked to make a deposit of \$2.50 per semester to buy their music. If this is not used, the unused amount will be returned at the close of the year.

Books in the College Department will run from \$15.00 to \$25.00 if purchased new, and from \$10.00 to \$18.00 if purchased second-hand. Tablets, notebooks, pens, pencils, etc., are also sold in the College Bookroom.

COMMERCIAL DEPARTMENT

The expenses for the Commercial Department are the same as that in the College Literary Department, with the exception of \$1.00 per month charged for the use of typewriters, making a total expense for the Commercial Department in tuition and fees and typewriter rent for the full nine months of \$107.50.

CLUB PLAN

In order to reduce expenses, we have turned one of our dormitories into a club. The dormitory will accommodate about forty-five young women, and we turn the dormitory entirely over to them. They bring their food from home,

or pay the actual cost of it, prepare their own food, and take care of their own dormitory and service. Under this plan young ladies may come for \$195.00 for nine months, \$60.00 of which may be brought from home in provisions if they desire. This includes all expenses of the year, except books and laundry. Each girl does a small task

A great many students find work about the buildings, dining-room, campus, etc., which help them to reduce their expenses. There are about thirty-five or forty such jobs, and a great many are allowed to come with this convenience who could not otherwise come.

DAY STUDENTS

Students who drive in from near-by communities and those who live in the local community, of course, are only charged tuition and fees, which, as indicated above, amount to \$98.50 in the College Department, and \$79.00 in the High School Department.

LIGHT HOUSEKEEPERS

A great many students find it cheaper to rent rooms in the community, bring their food from home, and do light housekeeping. In such cases they are only obligated to the College for tuition and fees.

SCIENCE FEES

As indicated in the description of the Science Department, a fee of \$9.00 is charged each student taking a science course. This is to defray the expenses of the laboratory, chemicals, etc.

PAYMENTS

Payments may be made by the quarter or by the month, as is more convenient for the individual. In either case, however, payments are always due in advance.

BOARD AND LODGING

Wingate has three well-equipped, well-furnished brick dormitories for students—two for young ladies and one for young men. All dormitories have running water, baths, etc., and the two dormitories for young ladies are made more comfortable by the steam heating system. Rooms may be secured also in private homes.

All dormitory students must board in the central dining hall, which is presided over by an experienced dietitian, unless permission is obtained from the President to do otherwise. Boys and girls eat at the same tables, but draw for their places about once each month. Members of the faculty act as hosts and hostesses at the various tables.

GENERAL RULES GOVERNING OCCUPANTS OF THE DORMITORIES

All occupants are required to keep their rooms in order, and must pay for any damage to the building or to the furnishings.

The careless, ungentle, rude, or vicious will not be retained unless they mend their ways. Card playing, gambling, etc., in the buildings is forbidden. Other regulations for the common good as to quiet, order, and general conduct are enforced, largely by the common impulse of right ideals.

Hot and cold water and electric lights have been installed in each of these homes. Safety of the buildings, as well as safety of the students, demands that there shall be no tampering with the lighting system.

Students will not be allowed to spend the night in town. No young lady may return to the dormitories after night-fall in an automobile, unless accompanied by a teacher.

ROOM RESERVATION

In order that the students may be certain of a room in the dormitory it is wise for them to send a room deposit of \$3.00 before July 1 of each year, to guarantee they will have a room. This \$3.00 will be credited to their account when the first payment is made. If a student desires to have a room by himself, an extra charge of \$5.00 per semester or \$10.00 per year is charged.

CREDITS WITHHELD

No student will be given a diploma or transcript of credits from this institution until all debts, including tuition, board, books, etc., have been settled in full with the Bursar or other proper College authorities.

Athletics

Realizing that man is a many-sided creature and that he is not balanced unless all sides are developed together, Wingate Junior College sponsors athletics in order that the students may have their physical sides developed as their mental and spiritual sides unfold. The school is represented in intercollegiate contests by teams in the three major sports, football, basketball, and baseball, while a tennis team has been very successful in intercollegiate contests for the past five or six years. In the ten years that Wingate has been a Junior College and has engaged in Junior College competition its teams have won the football championship of the Junior Colleges three times and the basketball championship twice. The basketball team of '31 and the football team of '31 each won a championship, and these teams were probably the best ever to represent the school. During the past year Wingate was successful in winning both the boys' and girls' State championship in basketball.

In addition to the teams representing the school in intercollegiate contests, every student is urged to enter into some form of athletics. Volleyball and basketball are played by both boys and girls, while regular gym classes meet twice each week. The school is represented also by a strong girls' basketball team, which always compares favorably with the strongest teams in the State.

A distinct effort is made not to over-emphasize athletics, and the player is made to realize at all times that athletics are not the prime motive of the school. In order to keep the scholastic standing of men engaged in athletics on a high plane, every person representing the school in any kind of intercollegiate activity is required to pass at least three-fifths of his work, and rowdyism and ungentlemanly conduct is discouraged at all times. No student is allowed to represent the school when he has more than twenty demerits. Athletics in the school are in charge of the Athletic Director, and the whole is controlled by the Faculty Committee of Athletics, who rule regarding eligibility, schedules, etc.

THE GYMNASIUM

Organizations

RELIGIOUS ORGANIZATIONS

All regular students are required to attend the chapel services each day. All boarding students are urged to attend Sunday School, B. Y. P. U., and church services each Sunday.

Sunday School Classes.—There are three well organized classes for students, one for boys and two for girls, in the local Sunday School.

B. Y. P. U.—There are five B. Y. P. U. organizations in the school, meeting each Sunday evening. Courses in some phase of Christian service are given annually by the State B. Y. P. U. organization.

Young Women's Auxiliary.—This organization of girls in the school meets once each month for missionary programs.

Volunteer Band.—The Volunteer Band, which meets each Monday, is made up of students who are offering themselves as volunteers in the cause of the Master and of others who are interested in active Christian service.

MISCELLANEOUS ORGANIZATIONS

Believing that education is a vital part of the life process, the College tries to introduce the students to many different phases of life that will be beneficial as well as afford entertainment. To this end, various entertainments and socials are given during the year.

Literary Societies.—There are four well organized, active literary societies in the College: the Gladstone and the Philosophian for the young men, the O. Henry and the McNeill for young ladies. The Gladstone and the Philosophian societies have programs consisting of debates, declamations, extemporaneous speeches, et cetera, in their respective halls on Thursday evening of each week. The

O. Henry and McNeill societies have similar programs each Thursday afternoon. Every student is required to join one of these societies and is expected to take active part on the programs.

Keen but friendly rivalry exists between the societies, which is especially noticeable in joint programs and in commencement exercises for college honors. To stimulate further interest, several medals are offered annually for excellence in debate, oration, declamation, et cetera.

Madrigal Club.—The Madrigal Club is an organization composed of thirty voices. Meetings and rehearsals are held each Thursday evening from 6:30 to 8 o'clock, at which time music for women's voices arranged in three and four parts is studied. Programs are prepared and given on special occasions. Student officers are in charge of the business affairs of the club, with a member of the music faculty as director.

The conditions of membership are: a voice of fair effectiveness, a correct ear, some knowledge of musical notation, and regularity in attendance of meetings. Any girl in school is eligible who can meet the above conditions.

The Commercial Club.—This club, made up entirely of commercial students, was organized this year. The purpose of the club is to stimulate a lively interest in the matters of the business world not found in books. The meetings are held the second Tuesday night of each month. The club maintains the interest of every member, since it is so closely connected with all business affairs of interest. Matters learned in the programs will be of great benefit to the members after they have completed their course.

Intercollegiate Debates.—Wingate in the Spring of 1925 first entered the field of intercollegiate debating. Since that time Wingate has engaged in contests with such institutions as Appalachian Training School, Rutherford College, Mars Hill College, Campbell, Lee-McRae, Catawba, and Wake Forest College freshmen.

Toro-Perro.—The Toro-Perro Club, being the only athletic organization for boys on the campus, was founded and established in 1930 by the letter men on the '30 football team. All persons making a letter in either of the three major sports are eligible to become members. This club has as its goal the stimulation of school spirit, and is designed to give helpful advertisement to the school. Each year this club awards letters to those earning one, and each member of the club is awarded a sweater or jacket from the proceeds of a minstrel presented by members of the club.

Dramatic Club.—The study of acting and staging plays, pageantry, pantomime, make-up, lighting scenery, costuming, play-writing.

This course is open to all students in the College. The classes meet once a week. Ten one-act plays and three full-length plays to be given in the course.

Under the direction of Mrs. Minnie Young Warrington.

Society Entertainments.—The literary societies give two annual receptions during the Fall semester. The O. Henry and McNeill societies entertain in honor of the young men, and the Gladstone and Philosopher societies entertain in honor of the young ladies.

Socials.—Other socials, including those given by the B. Y. P. U.'s afford ample social life for the students.

OTHER STUDENT ORGANIZATIONS

The Palmetto Club, the Stanly County Club, and the Anson County Club are organizations for the students from those sections. At the weekly meetings regular programs are given.

CHAPEL PROGRAMS

In addition to the devotional exercises, inspiring and informing programs are given by members of the faculty and by visiting speakers. Music programs are presented by the Music Department and visitors.

The College Environment

Location.—Wingate is thirty miles east of Charlotte, on the main line of the Seaboard Railway between Atlanta and Richmond, and also on the Asheville-Charlotte-Wilmington Highway, No. 20, which is hard-surfaced in both directions from Wingate, all the way from Asheville to Wilmington. There is train and bus service, east and west, several times daily. These splendid railways and highways put Wingate in close touch with all parts of the Carolinas, both east and west and north and south. A telephone system and a telegraph line also keep Wingate in close touch with the outside world.

College Community.—Wingate is only a village of a few hundred inhabitants. The College was not established in the town, but rather the town has grown up about the College. It is, therefore, in the midst of a splendid agricultural people of high ideals and untiring energy, who have the interest of the College deeply at heart. There are no industries or enterprises that would be detrimental to the development of noble characters and Christian lives.

While the village is small, it is large enough to supply all needs of the students, and Monroe, county-seat of Union County, is only six miles to the west. Wingate has a bank, barber shop, laundry, etc., and a number of large stores. Mail is delivered at the dormitories daily. The village is well lighted by electricity.

Climate.—Wingate has a very mild climate, being free from extremes or sudden changes of temperature. The freezes that come as far south as Winston-Salem and High Point seldom get as far south as Wingate. It is high and dry without the extreme cold of the mountains, consequently the health of students is always good.

Moral Environment.—Wingate offers no apology to anyone for being a Christian institution with Christian

ideals. Its purpose is to develop body, mind, and soul by furnishing the best of instruction under moral and Christian influences.

Church Building.—Wingate students are especially fortunate in having one of the best equipped church and Sunday school buildings in this section of the State, on a lot adjoining the campus. It is new and of modern construction throughout. The church is not school property, but it was built for the benefit of the town and students alike, and the students and teachers take a leading part in the Church and Sunday school work.

Miscellaneous

TO PARENTS

Students should not be allowed to run accounts at the stores, and the school advises merchants not to charge accounts unless parents order it.

Extravagance is one of the great sins of the age. Assist us to train against this evil by limiting the spending money of your boy or girl.

Be absolutely frank with us in regard to your children, as we shall be frank with you. We are working to the same great end of inspiring and training your child. Let us be mutually helpful in the task.

Frequent week-end visiting will not be allowed. All permissions for such visits must be written directly to one of the deans. Not more than four such visits per semester will be allowed, except on account of serious sickness or death in the family.

Do not expect your boy or girl to be excused from recitations for week-end visits. Examinations will be given to all students who are absent from more than three recitations in any one month.

Do not ask that your son or daughter be allowed to do anything forbidden by the rules of the College. There are no special-privileged classes here.

All students who through persistent neglect of duty and through repeated betrayal of trust reposed in them show that they do not enter into the spirit of the institution will be removed from the student body. In no other way can the standard of the College be maintained and its object accomplished.

Dentistry, dressmaking, and general shopping, as far as possible, should be attended to before coming to school.

We feel sure that the patrons will see that all these regulations are for no other purpose than to guarantee

to them the very best results from their investment with us. We, therefore, expect the heartiest coöperation in the enforcement of these regulations.

WHAT STUDENTS SHOULD BRING

The rooms in the girls' dormitories are furnished with double beds, dressers, tables, etc., but not with linens. The boys' dormitory is furnished with single beds. Each student, therefore, should bring at least a change of bed linen, sufficient blankets, towels, pillows, table covers, etc.

THE RELATIONS OF TEACHER AND PUPILS

Every member of the faculty is a consecrated Christian, who is anxious to instill into the lives of boys and girls those principles which make life worth living. They are well prepared for the careful instruction of those in their respective departments. The motto, "Individual attention and personal helpfulness," will be carried out in all departments of the school as far as practicable.

The girls will be under the personal supervision of the lady members of the faculty, and will have the warm sympathy and care that is prevalent in home life.

Few set rules are made. Kindness, help, and firmness on the part of the teachers, and obedience, courtesy, and respect on the part of the students, largely obviate the institution of a great many of the sterner things known as law.

Boys and girls will find that they have sympathetic helpers in the schoolroom, on the athletic field, in the society halls, and, in fact, in every phase of school life, in the teachers of the school. They will at all times be ready to share a joy or a sorrow with you. *Sympathy*, *helpfulness*, and *fellowship* are the watchwords. "A sound body, a well-trained mind, and a true, noble character for each student," is our motto. How well we have succeeded in our aim is shown by the work our students are doing wherever they go. "A tree is known by its fruit; a school by its results."

REGULATIONS

1. All boarding students must get permission from the proper authority before leaving the campus.
2. Smoking or using profane language on school property is forbidden.
3. Card playing in any form, dice playing, gambling, drinking, etc., are forbidden.
4. All students are required to join one of the literary societies within a month after entering school.
5. Loafing around any of the stores at any time is discouraged.
6. All boarding students will be responsible to the school management for their conduct out of school, as well as at the school buildings.
7. No boarding student is allowed to keep a car at school without the consent of the Discipline Committee.
8. Boys and girls must not room in the same home in the village without special permission from the President.
9. Students will not be allowed to spend the night in the community.
10. No student may neglect any school duty for week-end visits. A student thus missing classes for a week-end visit will forfeit one such visit.
11. No student may graduate from the institution who is not a member of one of the literary societies.
12. Students who represent the school or the society in any public function must make passing grades on at least three-fifths of their work, based on all preceding work of the year, and must show a respectful attitude toward school regulations. Therefore, a student who has a total of twenty-one demerits during any semester shall not be allowed to represent the College in any public function.
13. A College student must take at least twelve hours of work and a High School student not less than three subjects.

14. Should there be a case, or cases, of cheating on a quiz or examination, the offender will be dealt with firmly by expulsion or by any other method determined by the faculty.

15. Only necessary communications between the boys and girls will be allowed, and the tendency to neglect duty for the social pleasures which sometimes exist in co-educational schools will be carefully restricted.

16. Students must enter College within one month after the opening of either semester in order to represent the College or the societies in any public function during that semester.

17. All students rooming in the dormitories will be required to board in the dining hall, unless the President gives special permission otherwise.

18. No student may change rooms in the dormitories without permission of the teacher in charge, and no student shall move out of the dormitories or change rooming places in the community without the permission of the President.

19. The faculty reserves the right to bring any student to the dormitories to room, if the best interest of the student or the school demands it.

20. Students not passing as much as three-fifths of their work will not be allowed social privileges about the campus.

Scholarships, Loan Funds, Medals

SCHOLARSHIPS

The school has available a number of scholarships. Various Sunday school classes and missionary societies from near-by churches are induced to give medals to worthy students. Friends of the institution sometimes give athletic scholarships and the like. There are also a limited number of work scholarships about the school.

Loan Funds.—The Ladies' Aid Society of the First Baptist Church in Monroe. This fund enables two students per year to come.

The Masonic Loan Fund.—A gift by the Grand Lodge of Masons of North Carolina. This fund of \$1,000.00 will likely be increased from time to time.

The Dr. J. W. Neal Loan Fund.—The \$500.00 of this fund will go on increasing throughout the years.

The Clyde Jones Memorial Loan Fund.—Started and fostered by the graduating class of 1926, it will grow through the years.

The C. R. Sorrell Loan Fund.—A gift by Mrs. C. R. Sorrell in memory of her husband. This fund will be used by ministerial students and will probably be increased from time to time. Surely there is no better way to invest funds for time and eternity.

MEDALS AND PRIZES

The following medals and prizes are offered to students:

1. A \$5.00 gold-piece is awarded at the close of the session to the best all-round student.
2. A medal is awarded each year by C. J. Braswell for the best piano student.

3. A medal is also offered by Miss Tucker for the student making the most improvement in piano.

4. The W. J. Rudge Company, of Monroe, offers a medal to the best orator.

5. Attorney R. L. Pruett, Wadesboro, offers a medal to the best debater.

6. A gold medal is also offered by the Gladstone and Philosophian Societies for the best declaimer.

7. The O. Henry and McNeill Literary Societies offer a medal to the best reader.

8. As an incentive for work the Gladstone and Philosophian Societies offer a gold medal in the College Department for improvement in debating.

9. A medal is offered by Mr. W. C. Sanders, Monroe, for the best essay on some assigned subject. This contest is open to all students who are in school the whole year and average 90 on all their work. Points on which essays are to be judged will be named by the teacher of English.

10. President Muckle offers a medal to the boy who makes a letter in two major sports and makes the highest average on his work.

11. Mr. H. K. Helms, Wingate, offers a medal to the best debater from the girls' societies.

Departments of Instruction

ENGLISH

C. C. BURRUS

MISS HAGAMAN

COLLEGE DEPARTMENT

1-2. English Composition.—Three hours a week throughout the year. Required of freshmen. Intensive review and drill in the essentials of grammar and composition, with emphasis on the sentence and the mechanics of writing during the first semester. Extensive reading in the library. Introductory acquaintances with types of formal and informal essays to be read as models of structure, mechanics, and material; frequent practice themes and one longer essay during the second semester.

Credit: 6 hours.

Course 3-4. History of English Literature.—Three periods a week throughout the year. Required of sophomores. A survey of English Literature and a critical study of selected representative masterpieces. Fall term: From the beginning through the Classic Period. Spring term: From the Classic Period to the present day.

Course 5-6. Public Speaking.—Three hours a week throughout the year. Elective. Text: "Platform Speaking," by Collins. The fundamentals of speech. Extensive drill in analysis, memorizing, and rendering of selections from standard prose and poetry; practice in construction and delivery of original speeches; correction of faulty habits of speech; voice training.

Parallel Reading.—One thousand pages selected from the best authors on public speaking.

Course 7-8. Shakespeare.—Careful study of selected plays. Review of the Elizabethan period. Three hours a week both semesters.

HIGH SCHOOL DEPARTMENT

Course III. Literature and Grammar.—Four one-hour periods a week throughout the year.

Literature and Life.—Book III, High School Grammar.

Parallel Reading.—1,500 pages, to be assigned by the teacher. Frequent tests.

Course IV. Literature and Grammar.—Four one-hour periods a week throughout the year.

Literature and Life.—Book IV, High School Grammar.

Parallel Reading.—1,500 pages, to be assigned by the teacher. Frequent tests.

MATHEMATICS

A. F. HENDRICKS AND ASSISTANTS

Mathematics deserve an important place in the curriculum when all of its values are combined. The aims of this department in teaching mathematics are: (1) Cultural, meaning thereby a deeper appreciation of the beauty of geometrical forms in nature, art, and industry; of understanding the relations of quantity and space as a means of understanding our environment and the progress of civilization in science, industry, and philosophy; love of the true rather than the false. (2) Disciplinary, understanding it to mean the acquisition of mental habits, methods of attack, ideals, ideas of relationship, etc., which can be transferred over into the other fields of activity. (3) Practical, meaning by that the direct or immediate use in life of some fact, method, or process learned in mathematics. These three overlapping aims will be kept constantly in mind. As a means of realizing these aims, the work of all mathematics should be coördinated in such a way as to show the unity of the whole subject.

HIGH SCHOOL

Algebra I.—An introduction to algebra, taking up the early principles of algebra to quadratics. Special drills on factoring, fractions, and equations.

The solution of problems is given special attention.

Text: *The New High School Algebra*, Wells and Hart.

Algebra II.—A course for those who have had one year of algebra. The course gives a review of some of the early principles of algebra and takes the pupil through quadratics, logarithms, binomial theorem, etc.

Text: *The New High School Algebra*, Wells and Hart.

Course III. Plane Geometry.—A thorough study of the five books of plane geometry through a reasoning process—not an acquisition of facts through memory. The subject will be vitalized in the life of the student, as far as possible, through original exercises, special studies, etc. Five periods a week throughout the year. One unit.

COLLEGE

Course O. Solid Geometry.—This is an elective course to meet the needs of those students who wish to take advanced courses for which this is a requirement. The topics studied are: planes, dihedral, trihedral, and polyhedral angles, prisms, pyramids, cylinder cones, and spheres. Problems for original proof are included. Consistency in geometric procedure is stressed.

Credit: 3 hours second semester.

1. *College Algebra.*—A brief review of high school algebra, induction, binomial theorem, permutations and combinations, probability insurance, theory of equations and determinants.

Credit: 3 hours first semester.

2. *Plane Trigonometry.*—Topics considered are: object of trigonometry, functions of an acute angle, logarithms, use of tables, solution of right angles, dentites, inverse

functions, triangles, function, law of sign, cosine and tangent, solution of oblique triangles, functions of multiple angles.

Credit: 3 hours second semester.

3. *Plane Analytical Geometry*.—Prerequisite: Mathematics CI. Elective course for those who wish to major in mathematics, or take courses in engineering, etc. Topics studied are: fundamentals of analytical geometry, the straight line, circle, parabola, ellipse, hyperbola, transformation of coördinates, polar coördinates.

Credit: 3 hours first semester.

4. *Introduction to Calculus*.—Fundamental principles, derivatives, application to geometry, maxima and minima.

Credit: 3 hours second semester.

SOCIAL SCIENCE

CAROLYN CALDWELL

HISTORY

1. *European History, 1500-1815*.—Three hours a week first semester. A survey of European history, with emphasis on the Reformation, the Renaissance, the Commercial Revolution, and the beginnings of the Industrial Revolution.

2. *European History, 1815-1932*.—Three hours a week second semester. A continuation of History 1, with emphasis on revolutions, development of industry, scientific advancement, nationalism, and imperialism. Prerequisite: History.

3. *American History*.—Three hours a week first semester. A study of colonial history, the Revolution, the formation of the Constitution, and the growth of the Union to the Compromise of 1850. Prerequisite: History 1 and 2, except for those who elect. Educational Group.

4. *American History, 1850-1932*.—Three hours a week second semester. A continuation of History 3, with a survey of political and social forces from the period before the Civil War up to the present. Prerequisites: History 1, 2, and 3, except for those who elect *Educational Group*, History 3 is the only prerequisite.

6. *History of North Carolina*.—Three hours a week second semester. A survey of political, social, and economic history of North Carolina from the earliest settlement to the present. Required for a Grade B certificate.

SOCIOLOGY

Introductory.

1. *Sociology*.—Three hours a week first semester. A general survey of the field of Sociology. An analysis is made of social population, social forces, social processes, and social products. Prerequisite: six semester hours of history. Required for a B certificate.

ECONOMICS

1. *Elements of Economics*.—Three hours a week second semester. A study of the production, distribution, and value of economic goods, with the problems relative to modern industry. Prerequisite: six semester hours of history.

GOVERNMENT—HISTORY

Political Science

5. *American Government*.—Three hours a week first semester. A study of our national, state, and local governments, with emphasis on the development of the Constitution of the United States. Prerequisite: six semester hours of history. Required for a Grade B certificate.

HIGH SCHOOL HISTORY

History III. Early European History.—This is a regular High School course. The text used is *Early European History*, by Webster. Two hundred forty minutes per week is the time spent in recitation.

Credit: 1 unit.

History IV.—This course is the regular High School Senior History, a course in American History.

The text used in this course is *A History of the United States*, by Hayes. Two hundred forty minutes per week is the time spent in recitation. Themes, assigned subjects in the library, and a character sketch of all the prominent men studied in history form a large part of this course.

Credit: 1 unit.

MODERN LANGUAGE

ELEANOR SHARPE

FRENCH

French I. First Year Elementary French.—Five hours a week for the year. In this course special emphasis is laid on pronunciation, the use of pronouns, the regular conjugations, and the more common irregular verbs. Composition based on text read, dictation, conversation.

Texts: *Elements of French*, Greenberg; *La Belle France*, A. Monvert.

French II. Second Year Elementary French.—Five hours a week for the year. A continued study of the essentials of French Grammar, with close attention to pronunciation. Extensive exercise in reading, with frequent exercises in composition.

Texts: *Première année de Français*, by Mme. and C. N. Camerlynck; *Deuxième année de Français*, by Mme. and C. N. Camerlynck.

COLLEGE DEPARTMENT

French 1-2. Intermediate French.—Review of Grammar, reading of modern authors, composition and conversation based upon the texts read, dictation. Prerequisite: two years of French.

Texts: *Cours Pratique de Francais pour Commencants*, de Sauze; *Progressive French Reader*, Galland and DuGord; *Le Voyage de Monsieur Perrichon*, Labiche et Martin; *Contemporary French Stories of Mystery and Fantasy*, Schwarz.

French 3-4. Advanced French.—Designed to enable the student to handle the French language with accuracy. Translation of difficult texts and much sight translation.

Conversation based on texts read, review of grammatical principles, and work on French idioms. Original composition, dictation. Collateral reading assigned during the year.

Texts: *Grammaire Francaise*, Sauze and True; *French Short Stories*, Smith and Posgate; *Contes Gais*, de Sauze; *Nouveau Contes Divers*, Haeritt and Young; *Quinze Contes Francais*, Durham.

SPANISH

Spanish 1-2.—Grammar and composition, with dictation and conversational practice. Reading and sight translation in elementary texts. Introduction to study of Spanish customs and civilization.

Texts: *Curso Practico De Espanol Para Principiantes*, Cherubini; *Un Verano En Espano*, Weenas; *Cuentos Humoristicos Espanoles*, Cano and Goggio.

Spanish 3-4.—Conversation and composition based on texts read. Dictation and review of grammatical principles. Rapid reading of modern Spanish texts, with a great deal of sight translation. Short essays in Spanish.

Texts: *Spanish Syntax and Composition*, Howard; *La Morisa*, Marquina; *Juguetes Modernos*, Condon; *Mexico Simpatico*, Harrison; *La Vida de Un Picaro*, Cano; *El Final de Norma*, Alarcon.

GERMAN

German 1-2.—Designed to familiarize students with the essentials of German grammar. Drill in pronuncia-

tion. Reading from graduated texts, with frequent drills in composition based on texts.

Texts: *Essentials of German*, Vos; *Alterund Neus*, Seeligmann; *German Reader*, Haertel.

German 3-4.—Reading of intermediate texts, with review of grammar. Thorough drills in easy composition.

Texts: *Germelshausen*, Gerstacker; *Modern German Reader*, Betz; *Mit Ranzel und Wanderustah*, Frommel.

CLASSICAL LANGUAGES

LATIN

[To be supplied]

It will be the aim of this department to lead the student to an accurate knowledge of the Latin grammar, to invest him with the ability to translate the language fluently, and to give a comprehensive survey of Roman history and literature. Special attention is given to form, syntax, and style, together with a careful study in derivation.

COLLEGE DEPARTMENT

Course A-B.—A special course arranged for students who wish to begin Latin in college. Grammar, reading, study in derivation.

Course 1-2. Cicero-Vergil.—Study of Biography and Roman history; grammar and composition.

May be counted toward college credit only when taken by students who have offered two or more units in Foreign Languages on entrance requirements. Three hours per week throughout the year.

Course 3-4. Livy.—Selections. Fall term. *Horace*, Odes and Epodes. Spring term.

This course is prescribed for Associate in Arts (Letters). No student will be allowed to remain in this course if it becomes evident that he cannot successfully

do the work. Composition and grammar, Arnold's Latin Prose. Three hours per week throughout the year.

HIGH SCHOOL DEPARTMENT

1. Grammar and reading.
2. Cæsar—Prose.

GREEK

COY MUCKLE

Course 1-2. Elementary Greek.—Five hours weekly. Greek Grammar and one book of Xenophon's Anabasis. May be counted for credit only when taken in college by students who have offered four units of Language on entrance requirements.

Course 3-4.—A course of New Testament Greek is offered to young ministers and others desiring to get first-hand interpretation of the New Testament. Two hours per week for the term of nine months.

Credit: 4 semester hours.

BIBLE AND RELIGIOUS EDUCATION

J. A. SNOW

The courses in Bible are designed to give the student a working knowledge of the Old and New Testaments, and in the Religious Education course to train the students for practical Christian service. Much stress is placed on Bible periods. The Bible itself is used for a textbook in both Old and New Testament courses. The department does not aim to teach things about the Bible, but to teach the Bible itself.

BIBLE

Bible 1 and 2. College Department.—A course covering the entire Old Testament. Outlines, maps, notebooks, themes, and library notes are emphasized throughout the year. The entire Old Testament is covered, making special reference to the history of other nations

around the Old Testament lands which made Old Testament history. The Hebrew people, as a class, are studied in comparison with other peoples around them. Three hours per week throughout the year.

Credit: 6 semester hours.

Bible 3 and 4.—In the first semester the class studies the New Testament. The New Testament is used as a textbook, and during the first month the Harmony of the Gospels is used. All the books of the New Testament are studied, outlines of them given, maps of the New Testament lands are drawn; maps of the journeys of the Apostle Paul are drawn and studied, and a comprehensive study of the Letters of the New Testament.

During the second semester the class is given a course in New Testament Criticism. Both higher and lower critics are studied and analyzed, discovering facts as to authorship, analysis of disputed passages. The course is designed to take the student through the field of doubt and bring him through to a good solid faith in all the fundamentals of the Book. Course in Bible CII, three hours throughout the entire year, giving credit of six semester hours.

RELIGIOUS EDUCATION

Religious Education 1 and 2.—This course is designed to adequately equip the student for any type of church or Sunday school organization and to equip him for teaching or administering in any work of the Church. In the first semester the student studies the Convention Normal Manual, a book on Soul-Winning, two Contest Books in the Old and New Testaments, a Book of Child Study, and two books on Methods of Teaching. *The Efficient Church*, by Dobbin, is also covered in the first semester.

In the second semester a history of *Religious Education*, by Brown, is the first text, followed by *The Making of a Teacher*, *The Monuments*, and *Old Testament*, and a book on the *Plan of Salvation*. The last month of the semester is used in a brief survey in outline form of

Church History. This course emphasizes notebook work and library reports, and seeks to give the student a wide, comprehensive view of each field of Christian endeavor. Three hours per week throughout the year.

Credit: 6 semester hours.

DEPARTMENT OF EDUCATION

LOUISE C. JENNINGS

ROSE FREEDBERG

The work of this department is planned primarily to meet the needs of students who plan to teach in the elementary schools of the State. Only those who plan to teach after spending one or two years in college, or those who plan to work permanently in the field of elementary education, should elect the group of subjects listed below. If you are interested in this field, refer to Group 3, under Groups of Studies in the front part of the catalogue.

If you plan to continue through a senior college before teaching, and plan to teach in the high schools of the State, then do not elect to take this group of studies. You will have ample time and opportunity to take your professional work for a High School Certificate in the last two years of the senior college.

Work is offered here that will qualify students to receive the following certificates: Elementary A, Primary C, and Grammar Grade C, Primary B, and Grammar Grade B. A substantial part of the work here, including the electives, is standard college work; therefore, if a student elects the Education Group of studies and later decides to change to regular B.A. work, he can get liberal credit towards that degree.

Below are given the requirements for North Carolina certificates:

ELEMENTARY A CERTIFICATE

Required: Thirty semester hours of standard college or normal school work. As a part of this work, or in addition to it, the applicant must have the following:

1. Academic credits:

- | | |
|------------------------------|---------|
| a. English Composition | 6 S. H. |
| b. American History | 3 S. H. |

2. Professional credits 6 S. H.

These should include:

- a. Primary Methods (reading and language) or Grammar Grade Methods (reading and language).
- b. Classroom Management.

3. School Arts 4 S. H.

From the following (two must be included):

- a. Music.
- b. Drawing.
- c. Industrial Arts.
- d. Physical Education.
- e. Hygiene and Health Education.

4. General Electives (Biology strongly recommended)..... 11 S. H.

NOTE: Excused from spelling and penmanship *only* by showing proficiency in those subjects.

SUGGESTION FOR PRIMARY AND GRAMMAR GRADE C CERTIFICATE

Credit for 60 semester hours, or two years standard college work. As a part of this work, or in addition to it, the applicant must have:

1. Academic credits:

- a. English 8 S. H.
- Composition 6 S. H.
- Children's Literature 2 S. H.
- b. American History and Citizenship..... 6 S. H.
- c. Geography 2 S. H.

2. Professional credits 9 S. H.

These should include:

- a. (1) Primary Methods (reading and language) or
 (2) Grammar Grade Methods (reading and language).
- b. Classroom Management.
- c. Child Study.

3. School Arts 8 S. H.

Three must be included:

- a. Music.
- b. Drawing.
- c. Industrial Arts.
- d. Physical Education.
- e. Hygiene and Health Education.

4. General Electives..... 27 S. H.

(But 6 S. H. in Biology strongly recommended.)

GRAMMAR GRADE OR PRIMARY CERTIFICATE,
CLASS B

As of July, 1931

Two-year Normal Course leading toward the Grammar
Grade or Primary "B" Certificate.

*For Primary Certificate,
Class B*

1. English12 S. H.
 - a. Composition 6 S. H.
 - b. Children's Lit. 2 S. H.
(Primary Grades)
 - c. Elective 4 S. H.
2. American History and
Citizenship 6 S. H.
3. Geography, including
Nature Study 4 S. H.
4. From the following.....12 S. H.
(Four must be included)
 - a. Drawing.
 - b. Industrial Arts.
 - c. Music.
 - d. Physical Education.
 - e. Hygiene and Health
Education.
5. Education15 S. H.
This shall include:
 - a. Primary Methods
(Reading, Language,
Numbers)
 - b. Classroom Management.
 - c. Child Study.
 - d. Educational Psychology.
6. Electives18 S. H.

*For Grammar Grade
Certificate, Class B*

1. English12 S. H.
 - a. Composition 6 S. H.
 - b. Children's Lit. 2 S. H.
(Intermediate and
Grammar Grade)
 - c. Elective 4 S. H.
2. American History and
Citizenship 6 S. H.
3. Geography 4 S. H.
4. From the following.....12 S. H.
(Four must be included)
 - a. Drawing.
 - b. Industrial Arts.
 - c. Music.
 - d. Physical Education.
 - e. Hygiene and Health
Education.
5. Education15 S. H.
This shall include:
 - a. Grammar Grade Methods.
(Reading, Language,
Arithmetic)
 - b. Classroom Management.
 - c. Child Study.
 - d. Educational Psychology.
6. Electives18 S. H.

NOTE: It is recommended that for each certificate not less than six semester hours be devoted to Methods; that as far as possible the electives be limited to Science (Biology and Chemistry), History, English, and Geography.

Before any certificate will be issued for teaching in the elementary schools, the records from the institution in

which the applicant received his training must show that he has reached a satisfactory stage of proficiency in Spelling and Penmanship.

COURSES

1. *Classroom Management*.—Three hours, first semester. Should be taken freshman year by students who elect the Education Group.

This course aims to ground the student in the fundamental things involved in the management and control of a classroom and school. It covers the aims of education, daily program, qualifications of teacher, classification, health, discipline, school grades, objective tests, community relations, extra-curricular activities, etc.

2. *Grammar Grade Methods*.—Three hours, second semester. Follows Course 1 above.

A course in materials and methods for grades four, five, six, and seven. The aims, materials, and methods of each subject taught in these grades will be covered briefly, but the emphasis of the course will be on reading and language. The State Course of Study will be used in connection with the textbook. A notebook of projects and ideas for teaching the different subjects will be an important requirement in this course. Observation and practice teaching in the public school is required.

3. *Introduction to Education*.—Three hours, first semester.

A general survey course, designed to orient the prospective teacher in the whole field of Education. Open to College freshmen and sophomores.

Text: Cubberly, *Introduction to Study of Education*.

4. *Primary Methods*.—Three hours, second semester.

This course is similar to Course 2 above, except it deals with grades one, two, and three. It should be taken only by those who want a Primary Certificate. Offered if there is sufficient demand for it. We recommend that

most of our students qualify for the Grammar Grade Certificate. Observation and practice teachings in public school.

5. *Arithmetic for Grammar Grade Majors.*

Three hours per week. Three credits.

Required of all students preparing to teach in the grammar grades.

The following topics are studied: reading and writing of numbers, fundamental processes with integers and fractions, bills and accounts, ratio and proportion, denominate numbers, graphs, formulas, drawing of scale and problem solving. Methods of teaching grammar grade arithmetic are emphasized and supplemented by observation in the grammar grades of the training school. (First semester.)

6. *Arithmetic for Grammar Grade Majors.*

(Second semester.) Three hours per week. Three credits. Requirement: Mathematics 1.

A study of percentage and its applications, together with methods of teaching arithmetic in the grammar grades. Lessons in the grammar grades are frequently observed and discussed.

7. *Health and Hygiene.*—Three hours, first semester.

A practical course in the principles and practices that contribute towards good health. The work is studied especially from the standpoint of the children of the various elementary school grades. Projects, notebooks, playlets, posters, menus, etc., are worked out by the students.

8. *Child Literature.*—Two hours, second semester. Follows Course 7 above.

This course includes the study of types and forms of literature appropriate for the various grades of the elementary school, principles of selection and organization, reading lists, etc. There will be an extensive study of the literature itself, as well as a more intensive study of some of the best of each type.

9. *Human Geography*.—Three hours, first term. Required for Primary and Grammar Grade certificates.

A study of the physical environment and its relation to man—his work and his relations with others.

10. *Plays and Games*.—Two hours, second semester. Required for those who elect the Education Group of studies.

A practical course in the study and actual playing of games appropriate for children in the elementary school, especially games for the home, school, and playground. A part of the time is given to class study of the games, and the remainder of the time is given to playing the games on the campus.

11-12. *Public School Music*.—Two hours per week throughout both semesters. Credit: 4 semester hours.

This course aims to give prospective teachers and others training in sight-singing, ear-training, pitch rhythm, and other fundamentals. Some attention is given to the selection of songs appropriate for elementary school children, but chief emphasis is on group and individual singing and ear-training, designed to prepare students to lead children in singing and appreciating good music.

13-14. *Elementary Science*.—Three hours per week throughout the year.

A content course in science for teachers of the grammar grades. Selected materials from the field of science to suit the needs of the grammar grade teacher will be used. Physical and biological materials will be emphasized.

PUBLIC SCHOOL ART

This course is planned to prepare teachers and through them the children for everyday living. The children of today are to be producers and consumers of the future, so our aim is to develop the power to produce and choose only the things which are in good taste.

15. *Color and Design for Grades 4-7, inclusive.*—Three hours per week. Three credits.

Required of all students who are working for a Grammar Grade "B" Certificate.

Paper-cut lettering and poster-making for the grades. Special seasons, Halloween, Thanksgiving, and Christmas. (First semester.)

16. *Art for Grades 4-7, inclusive.*—Three hours per week. Three credits.

Required of all students who are working for a Grammar Grade "B" Certificate.

Prerequisite: Public School Art 1. Color and Design continued. Spool bill lettering. Special seasons, Washington's Birthday, Valentine, and Easter.

PSYCHOLOGY (SEPARATE DEPARTMENT)

LOUISE C. JENNINGS

1. *General Psychology.*—This is an introductory course in General Psychology and serves as a foundation for further study as well as for courses in Education. It is a study in human consciousness and behavior in such functions as sensation, perception, instincts, feeling, emotions, habits, and reasoning. It is a study of the innate and acquired tendencies of man, their origin, nature, and modifiability. The aim is to make the course practical in helping the student solve his everyday problems and in making satisfactory adjustments to his environment.

Three hours a week for the session. Credit: 3 hours, Fall semester.

Text: Woodworth, *General Psychology*, Revised Edition.

2. *Child Psychology.*—Three hours per week. Three credits (Spring). Aim: To acquaint the student with the development of behavior in children, and the control of child nature.

Topics: Heredity, physiological basis of behavior, innate responses, and tendencies and response; modifiability, laws of learning, memory, habit formation, and individual differences.

3. *Educational Psychology*.—Three hours per week. Three credits (Fall). Requirements: General Psychology, and at least sophomore standing.

Topics: Biological background of heredity; the nervous system; organic, social, and playful responses, and their modifications; instincts and intelligence; and some of the higher mental processes.

Text: Gates, *Psychology for Students of Education*, Revised Edition.

4. *Educational Tests and Measurements*.—Three hours per week. Three credits (Spring). Required of all students preparing to be grammar grade teachers.

Aim: To acquaint the student with educational tests and the uses of these tests.

Topic: Titles, publishers, structure, giving, scoring, tabulating results and test uses in grading, classifying and promoting students.

NATURAL SCIENCE

ROBERTA LOVELACE

C. M. PRESLAR

KATHLEEN HELMS

The College courses offered in science are planned to meet the demand of those desiring to secure a teacher's certificate after two years of college work; of those desiring to pursue a study of the sciences in senior college; of those who are preparing to enter medical school, and of those who wish to enter agricultural schools.

The laboratories are fully equipped and meet the requirements of standard courses.

HIGH SCHOOL DEPARTMENT

1. *Elementary Biology*.—This course is designed to arouse the interest of the students in living things and

to stimulate a scientific curiosity about them. A number of plant and animal types is studied in the laboratory and in the field. Plants and animals in relationship to man are emphasized throughout the course.

Two hours laboratory and three hours lecture per week. Credit: 1 unit.

Text: Smallwood, Reveley, etc., *New Biology*.

COLLEGE DEPARTMENT

Chemistry

C. M. PRESLAR

1-2. Inorganic Chemistry.—A course in general chemistry for the beginner, which takes up all the fundamental concepts of chemistry. Special attention is given to the fundamental laws and theories, while equations, calculations, and valence are given special study. The more important elements and their compounds are studied in detail. The laboratory work is so selected that it will demonstrate to the student the principles and facts taught in the text.

Lecture three hours per week. Laboratory four hours per week.

Text: *Introductory College Chemistry*, by Gordon.

Credit: 10 semester hours.

BIOLOGY

ROBERTA LOVELACE

1-2. General Biology.—The object of this course is to give the student a clear conception of the fundamental principles governing living matter and to help acquire the scientific method of gathering related data from every source and bringing it to bear upon the problem studied. Required of pre-med. students and of those who wish a teacher's certificate; elective for all other students. Laboratory four hours per week; lecture or quiz three hours. Credit: 5 hours each semester.

Text: Woodruff's *Foundations of Biology* and Baitsell's *Manual of Biology*.

3. *Zoology*.—One common species is taken as a type of each phylum or class of animals studied and a careful laboratory study of its structures and their functions is made. Other members of the group are studied more briefly. Emphasis is placed upon the phylogenetic relationships of the various phyla and classes. Prerequisite: Biology 1 and 2. Required of pre-med. students; recommended to those who plan to enter Forestry or Entomology; elective for sophomores.

Four hours laboratory practice, two hours lecture or quiz. Credit: 4 hours first semester.

Texts: Hegner's *College Zoology* and *Laboratory Guide for College Zoology*.

4. *Botany*.—Plants are studied with reference to both structure and function. The general structure and physiology of root, stem, and leaf is rapidly reviewed and a survey of the plant kingdom is made. An herbarium of common plants is required of all students who take the course. Prerequisite: Biology 1 and 2. Required of those who plan to enter agricultural schools, recommended to pre-medical students; elective for sophomores.

Laboratory practice and field trips four hours per week; lecture or quiz one hour. Credit: 4 hours, second semester.

Texts: Smith, Overton, etc., *Textbook of General Botany*, and Fisk and Adams' *Laboratory Manual of General Botany*.

HOME ECONOMICS

1-2. *Foods and Cookery*.—Study of the production, nutritive value, cost, choice, care, and preparation of food; meal serving, food testing. Laboratory practice four hours a week; lecture one hour. Three hours credit each semester.

Text: *Food Industries*, Vautta and Vanderbilt.

Fee: \$10.00 per semester.

5-6 - \$5.00 yearly
7-8 - \$20.00 "

3-4. *Textiles and Clothing*.—Cotton and linen materials are studied from the standpoint of the consumer; selection of materials, planning and adaption of patterns, and construction of garments form the basis of this course.

Laboratory practice four hours a week; lecture one hour.

Three hours credit, each semester.

Text: Woolman and McGowan.

Fee: \$2.50 per semester.

5. *Elementary Design*.—This course is intended to give students an understanding of the elementary principle, design, line, and color as applied in simple craft work. One recitation hour and two laboratory hours each week, Fall semester.

Text: *Art in Everyday Life*, Goldstein.

Credit: 2 hours.

6. *Interior Decoration*.—This course begins with a foundation study of the principles of good taste, good design, and color, so that the student gains intelligent power of appreciation and selection. It will include the selection, location, planning, furnishing of the home.

There is a fee to cover cost of this.

Laboratory practice two hours a week; lecture one hour.

This course is given only in the Spring semester. Credit: 2 hours.

COMMERCIAL SCIENCE

ONE-YEAR COURSE

MRS. HORTON

There never was a time when the well-educated, well-trained business man or woman was so much needed as today. The increase in business and the multiplication of commercial enterprises have called for a large increase

in bookkeepers, stenographers, and general secretaries. The Commercial Department offers an attractive way to thousands of young women who desire to become economically independent. New courses are being added this year, and the increase in the number of students from year to year in this department shows the importance of the business course. A well-rounded business education is a priceless possession.

DESCRIPTION OF COURSES

Secretarial Course

The aims of this course are to prepare the student for first-class stenographic work, bookkeeping, and office practice. Many use it in making a living and others as a stepping-stone in the completion of a college course or to a successful business career. At the present time the need of and the demand for secretaries to business men are continually growing. The course includes: bookkeeping and accounting, business English, business law, penmanship, shorthand, spelling, and touch typewriting.

Stenographic Course

Stenography is a fertile field for the person who is ambitious, for this kind of work leads to great successes by a comparatively short road. Nearly every department in a modern business corporation, nearly every important man, has stenographers. Therefore, we see the need of stenographic courses. The course includes: business English, business law, general business training, penmanship, shorthand, spelling, and touch typewriting.

Bookkeeping and Accounting

This course is a study of the fundamental problems of bookkeeping and accounting. It is planned along the lines and methods of modern accounting practice. The subjects studied include: theory of debit and credit, classification of accounts, business papers and documents,

balance sheet, statement of profit and loss, sole proprietor, partnership, and controlling accounts. Three hours a week throughout the year.

Business English

The aim of this course is to train the student to write effective business letters. Various types of letters are studied—sales, inquiry, adjustment, collection, follow-up—and students are required to write original letters of each type studied. Three hours a week, one semester.

Business Law

This course is a study of the law as a factor in business problems: The formation, operation, and discharge of contracts, agency, partnership, negotiable instruments, bankruptcy. Legal principles are presented through the study of text material and illustrative cases. Three hours a week, one semester.

General Business Training

Instructions and discussions are given in this course to train the student how to deal with all forms and kinds of office work.

Penmanship

A study of the theory and practice of penmanship. The muscular system is taught. Any student is permitted to take this course, as no student may receive a diploma from the College who does not have a legible hand-write. One hour a week throughout the year.

Shorthand

During the first semester a careful study is made of the principles of Gregg shorthand. Complete mastery of the theory of the subject and accuracy of outline is stressed more than speed of writing. From the first lesson dictation is given, and students are required to read

shorthand notes accurately and fluently. During the second semester advanced work is given, and students take dictation from unstudied material and transcribe notes. Towards the latter part of the year speed and accuracy are emphasized in taking dictation and in transcribing notes. Six hours a week throughout the year.

Spelling

"The only way to learn to spell is by spelling." Business and common words frequently misspelled are taught in this course. Pronunciation, syllabication, definitions, and ability to make sentences with words are emphasized as well as correctness in spelling. Any student is permitted to take this course, as no student may receive a diploma from the College who does not have a legible hand-write. One hour a week throughout the year.

Touch Typewriting

In typewriting the work includes mastery of the keyboard, study of the machine, development of an even, rhythmic touch, tabulation copies from rough drafts, and development of speed in straight copy work in transcription. Business and legal forms are studied and practice given in this. The writing and placement of ordinary business letters is especially stressed. Three hours of class periods a week, with six hours practice a week throughout the year.

Requirements for a Diploma

1. Completion of course as outlined.
2. A high school diploma or its equivalent.

TWO-YEAR COURSE

If there is sufficient demand, the following courses in Second-Year Commercial work will be offered:

Advanced Shorthand

This course will consist mainly of dictation and transcription to acquire greater speed and accuracy in this work. Three hours per semester.

Advanced Typewriting

Legal reports, financial reports, and various projects, as well as actual typewriting for the school, will be given in this course. Greater speed and accuracy are emphasized. Three hours per semester.

Business English

Three hours one semester.

Economic Geography

This course will be required of those who take the two-year Commercial Course who expect a certificate. A study of production and trade as influenced by geographic conditions will be studied. The geography of the most important commercial products of farm, mine, factory, and sea is taken up for special study. Trade routes and commercial centers are treated. Three hours one semester.

Higher Accounting

This course will be very beneficial to anyone who expects to continue work in Commerce in a senior college or to anyone who expects to become a bookkeeper for a large firm. Three hours per semester.

History

America as a world power will be studied in this course. Three hours one semester.

Physical Education

Two hours per semester.

Sociology

This will be required of those who take the two-year Commercial Course who expect a certificate. Three hours one semester.

The School of Music

MRS. C. M. PRESLAR, *Director*

The School of Music offers the regular courses in the High School and College departments leading to the degrees of Bachelor of Science in Music upon completion of course in a Senior College, with the major in Piano or Voice.

CURRICULUM IN MUSIC

Leading to a diploma in Music with the major in Piano or Voice.

COLLEGE I

PIANO

MRS. C. M. PRESLAR

OUTLINE OF COURSE

PREP I.—Technical exercises involving the correct use of the arm, wrist, hand, and fingers.

S3 (5)—All major scales, one octave, and arpeggios in major and minor triads, alternating.

Studies Suggested.—Gaynor, Miniature Melodies; Ring, the Little Hanson; Gurlitt, Opus 82; Goodrich, Album of Piano Study.

Pieces Suggested.—Chittendon, Frolic in the Hayloft; Rogers, Tally Ho; Adams, Giant Steps; Terry, Song of the Horn, Behind the Sleigh Bells.

PREP II.—Further development of technical work.

Scales.—All major and minor scales, two octaves, one and two notes to M. M. 60; major and minor triads, alternating.

Studies Suggested.—Duvernoy, Opus 176; Gurlitt, Opus 198; Bürgmüller, Opus 100; Kohler, Opus 157; First Lessons in Bach, arranged by Walter Carroll, Book I.

Sonatina.—Reinecke, Sonatina in C Major; Clementi, Sonatina C Major, No. 1.

Pieces Suggested.—Chadwick, Cricket and the Bumble Bee; Lymes, Hunting Song; Goodrich, Synthetic Series, No. 2; Depret, Air de Ballet; Schumann, Opus 68; Soldiers' March, Choral in G.

PREP III.—Technical work continued.

Scales.—All major and minor scales one, two, three, and four notes at M. M. 88, hand separately. Arpeggios—major and minor triads, four octaves—one, two, and three notes at M. M. 60, alternating hands.

Studies.—First lessons in Bach, Book II, arranged by Walter Carroll; Kohler, Small School Velocity, Opus 242; Bürgmüller, Opus 100; Czerny, Opus 261; Duvernoy, Opus 120.

Sonatinas.—Clementi, Kuhlman, and Beethoven Sonatina in G.

Pieces.—Tschaikowsky, Song of the Lark, Song of Sadness; Schumann, Jolly Farmer, Opus 68; Gaynor, Hovering Butterflies; Dutton, Will o' the Wisp; Master Series for the Young, edited by Edwin Hughes.

PREP IV.—Technical work continued.

Scales.—Hands separate, alternating hands, all major and minor scales, one, two, three, and four notes at M. M. 100.

Arpeggios.—Major, minor, augmented, diminished, and dominant sevenths, hands alternating, one, two, three, and four notes at M. M. 88.

Octaves.—All major and minor keys at M. M. 60.

Studies.—Bach, Little Preludes and Fugues; Czerny, Opus 636; Heller, Opus 46.

Sonatas and Sonatinas.—Easier sonatas by Mozart and Haydn; Sonatinas by Clementi and Kuhlman.

Pieces.—Bach, Solfeggietto; Jensen, Elfin Dance; Ravina, Petit Bolero; Grieg, Poldini, The Music Box; Master Series for the Young, edited by Edwin Hughes.

COLLEGE I

Technique.—Exercises for higher development.

Scales.—Hands separate and together—all major and minor forms one, two, three, and four notes at M. M. 112.

Arpeggios.—Major and minor triads; dominant and diminished sevenths. Hands together and separate, one two, three, and four notes at M. M. 92.

Trill.—One, two, three, and four notes at M. M. 112.

Octaves.—All major and minor scales one, two, three, and four notes M. M. 60.

Studies.—Czerny, Opus 299; Bach, Two-Part Inventions.

Sonatas.—Mozart, Sonata in F, No. 4; Sonata in D, No. 2; Haydn, Sonata in D, No. 7; Beethoven, Opus 14, No. 1.

Pieces.—Easier Songs Without Words, Mendelssohn; Kolling, Prestissimo in D; Raff, Favleau; Haydn, Gypsy

Rondo; Bach, Allegro in F Minor; MacDowell, Woodland Sketches; Jensen, Murmuring Zephyrs; Grieg, Papillon; Gurlitt, Impromptu.

COLLEGE II

Technique.—Enlarged so as to meet all requirements of the grades.

Scales.—Major and minor scales in one, two, three, and four notes at M. M. 120.

Arpeggios.—Hands together one, two, three, and four notes at M. M. 112.

Trill.—One, two, three, and four notes at M. M. 80.

Studies.—Czerny, Opus 299 continued; Cramer, Etudes; Bach, Three-Part Inventions.

Sonatas.—By Mozart and Beethoven.

Pieces. — Raff, La Fileuse; Rubinstein, Romance; MacDowell, Woodland Sketches; Handel, Fantasia in C Major; Paderewski, Minuet, Opus 14, No. 1; Schumann, The Prophet Bird, Grillen; Grieg, To Spring; Debussy, Arabesque, No. 1.

VOICE

BLANCHE BOYTER

COURSE I

Exercises for facial placement and resonance. Drill and exercises for enunciation and pronunciation. Special breathing exercises.

Material.—68 exercises in the Synthetic Method by Frederick W. Root; 101 Master Exercises by Alexander Henneman; 8 measure Vocalises by Seiber; Vocalises by Lutgen, Volume I; Vocalises by Spicker, Volume I.

Songs of easy and medium difficulty.

COURSE II

Continuation of Course I, with special emphasis still placed on tone placement, resonance, enunciation, pronunciation, and breathing exercises. Concentrated work

is given to exercises for freedom of tongue and improved tone quality.

Material.—68 exercises in the Synthetic Method by Frederick W. Root; 101 Master Exercises by Alexander Henneman; Vocalises by Lutgen, Volume II; Vocalises by Spicker, Volumes I and II.

Songs of medium difficulty, including some of the easier arias from operas in foreign languages.

HARMONY 1 AND 2

Chords, the voices in four-part writing and their duplication, connection of chords, cadences; four-part harmonization of melodies, inversions of triads, dominant seventh chords and dominant ninth chords and their inversions; figured bass, keyboard harmony modulation.

Credit: 6 semester hours.

Required of students majoring in either Piano or Voice.

Textbook: *Harmony*, by Chadwick.

HARMONY 3 AND 4

Applications of principles outlined in Harmony 1 and 2 to the study of altered chords, chromatic harmonies, remote and enharmonic conditions.

Credit: 6 semester hours.

Required of sophomores in School of Music.

Textbook: G. W. Chadwick's *Harmony*.

THEORY

Primary triads, secondary triads and inversions, physical basis of music, musical terms, figures and their treatment, cadences, sequences in the key, melody writing, four-part harmonization of melodies, simple sight-singing and ear-training.

One hour per week, first and second semesters.

Credit: 2 semester hours.

SOLFEGGIO

Sight-singing, ear-training, dictation.

Drill in scale and interval singing. Elementary rhythmic problems. Dictation to train the ear to recognize intervals, common triads, etc.

Required of students majoring in either Piano or Voice.

Credit: 4 semester hours. Two hours per week first and second semesters.

Textbook: *Ear-Training and Sight-Singing*, by Geo. W. Wedge.

PUBLIC SCHOOL MUSIC

Methods and directions, aims and attainments for teaching Public School Music to children from the first grade through the seventh. Material and instructions given for appreciation lessons to be given to children of each grade. Study of songs appropriate to each grade. Drill in elementary theory that is to be taught in the Public School Music Course.

Actual experience is afforded the students in teaching children by observing and taking part in the teaching of children in the public school of Wingate.

Textbooks: The Universal School Music Series, Teachers' Manual, The Universal School Music Series, Song Books Nos. 1 and 2.

Required of all students working for teacher's certificate.

Credit: 4 semester hours.

MUSIC APPRECIATION

Music terms, music as a language, analogy between music and language, study of the principles underlying the important works of music literature and their place in music development. This course aims to develop an appreciation of the content of music.

One hour a week first and second semesters.

This course is open to students in any department of the College.

Credit: 2 semester hours.

HISTORY OF MUSIC 1-2

Music of antique races; first Christian centuries; Folk music of Middle Ages; the Renaissance and Protestant Church music; the rise of opera and oratorio; English madrigal writers.

Instruments and instrumental music in the sixteenth and seventeenth centuries; Bach, Handel, Haydn, Mozart, and Beethoven. The Romantic composers; dramatic music in Italy, France, and Germany. Wagner and his music dramas; recent and contemporary music in Europe and America.

Two hours a week. First and second semesters.

Required of students majoring in either Piano or Voice.

Textbook: *Outline of Music History*, Hamilton.

Credit: 4 semester hours.

STUDENTS' RECITALS

Students' recitals are given semimonthly during the chapel period and at close of school year. Students who satisfactorily complete the high school and college courses as outlined in the Catalogue are presented in graduating recitals. All music students are expected to take part in them when requested to do so. These appearances are of great assistance to the student in acquiring ease and self-confidence so essential to a successful performer.

Dramatic Art and Vocal Expression

MRS. WARRINGTON

This course includes the theory and practice in the essentials of voice production, coördination of mind, voice, and body; graduated exercises for the training of the ear, development of tone, and cultivation of speech; the interpretation of lyrics and short stories; correct poise and ease of manner in platform work; interpretation of the drama; study of the one-act play; study of Shakespeare's and other classic dramas; experiments in play production, pantomime, interpretation of modern literature.

FIRST YEAR

Poise, voice placing, phrasing, inflection, pitch, rhythm, faulty diction corrected, flexibility of voice and body, pantomime, movement, volume, climax, esthetic and harmonic gymnastics, study of lyrics and short stories, and one-act plays. Memory work, twelve selections.

Practice one hour a day. Two individual lessons and one class lesson a week.

Credit: 4 semester hours.

SECOND YEAR

Study of one of Shakespeare's plays, impersonation, narration, play production, pageantry, platform speaking, debate, Bible reading, story-telling, staging, lighting, make-up. Dramatic recitals are a part of this course. All students of Expression are members of the Dramatic Club.

Practice two hours a day. Two individual lessons a week.

Credit: 4 semester hours.

Second Year recital.

English course required.

THIRD YEAR

Study of classic literature for vocal interpretation, development of dramatic instinct, condensations and cuttings, melody and rhythm of speech, Bible and hymn readings, playwriting, and technique of the drama.

Graduation recital.

Completion of the English course required.

Credit: 4 semester hours.
